STATEMENT OF BENEFICIAL USE

(For wells located within a Designed Ground Water Basin.)

1. Insert the Well Permit Number: 8774-B

2. Name, address and phone number of the well owner:

NAME(S): David M or Debra K. Davis

Mailing Address: 9495 Co Rd 6

City, State, Zip: Wiggins, CO 80654

Phone: (970) 483-5650

9047203

(Review the instructions for completing this Statement on the reverse of the form.)

3. WELL LOCATION: County Morgan Owner's Well Designation _____

SE 1/4 of the SE 1/4, Section 13, Township 2 North or South, Range 60 West of the Sixth P.M.

Distance from Section Lines: 30 feet from North or South, 469 feet from East or West, section lines.

4. The well is being used for the following purpose(s): Irrigation

5. Water from the well was first beneficially used, under this permit for the above-described purpose(s), on the following date: 12/31/37

6. The pumping rate claimed is 1400 gallons per minute.

7. The maximum annual amount of water diverted by the well for the above-described purpose(s) is 800 acre-feet.

8. The land irrigated by water from this well is 320 acres, described as: E 1/2 section 13, Township 2 North, RANGE 60 WEST OF 6TH P.M Morgan, CO

9. Well constructed by: N/A License No. _____

Pump installed by: N/A License No. _____

10. Meter Mfg. by: N/A Serial No. _____ Date Installed _____

I (we) claim and say that I (we) am (are) the owner(s) of the well described above, know the contents of the statements made herein, and state that they are true to my (our) knowledge.

Subject: Request for Statement of Beneficial Use (SBU) for Permit/Registration No. 8774-R
Dear Well Owner:

THIS LETTER CONCERNS YOUR WATER RIGHT! Failure to respond could result in loss of use of your well.

This office is currently reviewing permit files in preparation for the issuance of final permits in the KIOWA-BIJOU Designated Ground Water Basin in Colorado. Our records show that there is no acceptable Evidence of Beneficial Use in the file for your IRRIGATION well, Permit No. 8774-R, located in the SE 1/4 of the SE 1/4 of Section 13, Township 2 North, Range 60 West of the 6th P.M.

The Evidence of Beneficial Use requirement can be fulfilled by completing the enclosed blank Statement of Beneficial Use form. If you were not the owner at the time of first use, but now own this property, we recommend you obtain the information and submit the enclosed Statement as accurately as you can. You may contact the original owner and have them complete the form if possible, or conduct an independent investigation. Insert the permit number of the top line of the form, then follow the instructions on the back and note these suggestions.

Please print your name, mailing address and phone number.

WELL LOCATION: Complete each space. Blanks show where data is unknown. The distances from section lines on file for this well are _____ feet from the ___ section line and _____ feet from the ___ section line in the SE 1/4 of the SE 1/4 of Section 13, Township 2 North, Range 60 West of the 6th P.M.

USE OF WELL: Complete the section for the use(s) of the well. The use(s) of the well on file is(are) IRRIGATION.

FIRST USE DATE: Our records show that when the well with Permit/Registration No. 8774- R was registered, the date of first use was claimed as December 31, 1937. The date on which the water from this well was first used should be filled in completely and as accurately as possible.

PUMPING RATE: The well was registered for a pumping rate of 1200 gpm. You may claim no more than this pumping rate.

ANNUAL APPROPRIATION: Enter the claimed annual appropriation for the use(s) described above. The well record shows an unknown number of acre feet diverted annually. Since this amount of water was unknown, then claim the actual amount put to use. The maximum you

may claim can be calculated by multiplying the number of acres by no more than 2 1/2 times.

LAND IRRIGATED: Enter the number of acres irrigated on the date claimed. Enter the legal description of the land actually irrigated at that time. Our records show the original well was registered for the irrigation of 160 acres described as SE 1/4 Sec. 13 T2N R60W.

COMMINGLED WELLS: If this well was originally commingled with one or more wells, that is, if water was conveyed from one or more well(s) in a common ditch or pipeline, please report this information in item 4 and provide the following on a separate piece of paper:

- 1) Permit number of each well involved
- 2) Provide the number of acres irrigated by the commingled system
- 3) Provide the legal description of acres irrigated by the commingled system
- 4) The date these wells were first commingled.

DRILLER AND PUMP INSTALLER: The information on the well driller and pump installer is not required. Insert the letters "NA" to designate that this is not applicable.

METERING: According to the permit/registration, a meter is not required.

SIGNATURE: Print and sign your name.

The original well was initially replaced by permit R-18 issued February 20, 1958. It appears the replacement well was constructed. There is no Well Abandonment report on file affirming the old well was properly plugged and sealed. Please complete the enclosed Well Abandonment Report form to the best of your ability to affirm the replaced well was plugged and sealed. This form should be returned to this office with any additional information relative to the subject well.

Please complete and submit the enclosed form(s) and any additional documents within thirty (30) days of receipt of this letter. The information requested on the Statement of Beneficial Use will help clarify the water right associated with this well.

If you need additional assistance please contact this office.

Sincerely,

Richard Bell

DESCRIPTION OF PROPOSED WELL AND EQUIPMENT

Driller Segelbein, M. J. License No. 115 Start of work 3/15 1958

Type of Rig surface rotary

Size of hole 40 in. for 165 ft., _____ in. for _____ ft., _____ in. for _____

Size of casing 18 in. for 165 ft., _____ in. for _____ ft., _____ in. for _____ ft.

Wt. of casing 15 #/ft., _____ #/ft., _____ #/ft.

Perforated from 80 ft. to 165 ft.

from _____ ft. to _____ ft.

from _____ ft. to _____ ft.

Pump type Turbine

Installed 3/25 1958

Size 8" Head 113

Conducted to site of use by

Pipe Ditch

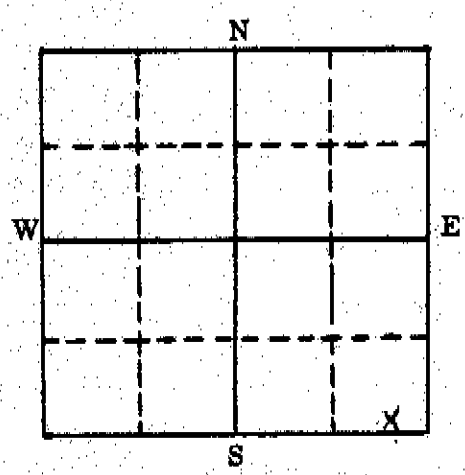

Flume Other

Size of conductor ditch

LOCATION

County Morgan

Sect. 13, Twp. 2N, Rge. 6W, 6 P.M.

LOCATION OF WELL TO BE MADE WITHIN A SMALL SQUARE WHICH REPRESENTS A 40 ACRE TRACT

THIS SIDE OF APPLICATION MUST BE COMPLETED SATISFACTORILY BEFORE PERMIT IS ISSUED

**Ground Water Commission
State of Colorado
Final Permit No. 8775-RFP
KIOWA-BIJOU DESIGNATED GROUND WATER BASIN**

Priority Date: December 31, 1956
Use(s): IRRIGATION
Name of Claimant: DAVID M & DEBRA K DAVIS
Permitted Well Location: SE 1/4 of the NE 1/4 at a point 2630 feet from the North Section Line and 1300 feet from the East Section Line of Section 13, Township 2 North, Range 60 West of the Sixth Principal Meridian.

Maximum annual volume of appropriation: 250 acre-feet
Maximum pumping rate: 900 gallons per minute
Number of acres which may be irrigated: 100 acres
Totalizing Flow Meter: Meter may be required
Description of acres irrigated or place of use: 100 acres in the NE1/4 of Section 13, Township 2 North, Range 60 West
Aquifer(s): QUATERNARY ALLUVIUM

NOTE: This well, together with Well Permit Nos. 5114-F and 8774-R, cannot withdraw more than 800 acre-feet combined total annually.

Done this 18th day of July, 2007

STATEMENT OF BENEFICIAL USE

(For wells located within a Designed Ground Water Basin.)

1. Insert the Well Permit Number: 8775-R

2. Name, address and phone number of the well owner:

NAME(S): David M or Debra K. Davis

Mailing Address: 9495 Co. Rd 6

City, State, Zip: Wiggins, CO 80654

Phone: (970) 483-5650

9047204
(Review the instructions for completing this Statement on the reverse of the form.)

3. WELL LOCATION: County Morgan Owner's Well Designation _____

SE 1/4 of the NE 1/4, Section 13, Township 2N North or South, Range 6W West of the Sixth P.M.

Distance from Section Lines: 2630 feet from North or South, 1300 feet from East or West, section lines.

4. The well is being used for the following purpose(s): Irrigation

5. Water from the well was first beneficially used, under this permit for the above-described purpose(s), on the following date: Dec. 31, 1956

6. The pumping rate claimed is 900 gallons per minute.

7. The maximum annual amount of water diverted by the well for the above-described purpose(s) is 300 acre-feet.

8. The land irrigated by water from this well is 100 acres, described as:

NE 1/4 section 13, Township 2 north, RANGE 6W WEST of 6th PM
MORGAN CO.

9. Well constructed by: N/A License No. 115

Pump installed by: N/A License No. 115

10. Meter Mfg. by: N/A Serial No. _____ Date Installed _____

I (we) claim and say that I (we) am (are) the owner(s) of the well described above, know the contents of the statements made herein, and state that they are true to my (our) knowledge.

Subject: Request for Statement of Beneficial Use (SBU) for Permit/Registration No. 8775-R
Dear Well Owner:

THIS LETTER CONCERNS YOUR WATER RIGHT! Failure to respond could result in loss of use of your well.

This office is currently reviewing permit files in preparation for the issuance of final permits in the KIOWA-BIJOU Designated Ground Water Basin in Colorado. Our records show that there is no acceptable Evidence of Beneficial Use in the file for your IRRIGATION well, Permit No. 8775-R, located in the SE 1/4 of the NE 1/4 of Section 13, Township 2 North, Range 60 West of the 6th P.M.

The Evidence of Beneficial Use requirement can be fulfilled by completing the enclosed blank Statement of Beneficial Use form. If you were not the owner at the time of first use, but now own this property, we recommend you obtain the information and submit the enclosed Statement as accurately as you can. You may contact the original owner and have them complete the form if possible, or conduct an independent investigation. Insert the permit number of the top line of the form, then follow the instructions on the back and note these suggestions.

Please print your name, mailing address and phone number.

WELL LOCATION: Complete each space. Blanks show where data is unknown. The distances from section lines on file for this well are _____ feet from the ___ section line and _____ feet from the ___ section line in the SE 1/4 of the NE 1/4 of Section 13, Township 2 North, Range 60 West of the 6th P.M.

USE OF WELL: Complete the section for the use(s) of the well. The use(s) of the well on file is(are) IRRIGATION.

FIRST USE DATE: Our records show that when the well with Permit/Registration No. 8775- R was registered, the date of first use was claimed as December 31, 1956. The date on which the water from this well was first used should be filled in completely and as accurately as possible.

PUMPING RATE: The well was registered for a pumping rate of 900 gpm. You may claim no more than this pumping rate.

ANNUAL APPROPRIATION: Enter the claimed annual appropriation for the use(s) described above. The well record shows an unknown number of acre feet diverted annually. Since this amount of water was unknown, then claim the actual amount put to use. The maximum you may claim can be calculated by multiplying the number of acres by no more than 2 1/2 times.

LAND IRRIGATED: Enter the number of acres irrigated on the date claimed. Enter the legal description of the land actually irrigated at that time. Our records show the original well was registered for the irrigation of 100 acres described as NE 1/4 Sec. 13 T2N R60W.

COMMINGLED WELLS: If this well was originally commingled with one or more wells, that is, if water was conveyed from one or more well(s) in a common ditch or pipeline, please report this information in item 4 and provide the following on a separate piece of paper:

- 1) Permit number of each well involved
- 2) Provide the number of acres irrigated by the commingled system
- 3) Provide the legal description of acres irrigated by the commingled system
- 4) The date these wells were first commingled.

DRILLER AND PUMP INSTALLER: The information on the well driller and pump installer is not required. Insert the letters "NA" to designate that this is not applicable.

METERING: According to the permit/registration, a meter is not required.

SIGNATURE: Print and sign your name.

The original well was initially replaced by permit RF-280 issued December 7, 1966. It appears the replacement well was constructed. There is no Well Abandonment report on file affirming the old well was properly plugged and sealed. Please complete the enclosed Well Abandonment Report form to the best of your ability to affirm the replaced well was plugged and sealed. This form should be returned to this office with any additional information relative to the subject well.

Please complete and submit the enclosed form(s) and any additional documents within thirty (30) days of receipt of this letter. The information requested on the Statement of Beneficial Use will help clarify the water right associated with this well.

If you need additional assistance please contact this office.

Sincerely,

Richard Bell

Located in 1-1 district, Morgan County for irrigation

Registration No. 356 in 1-1, on _____, 19____

Mr George Colburn,

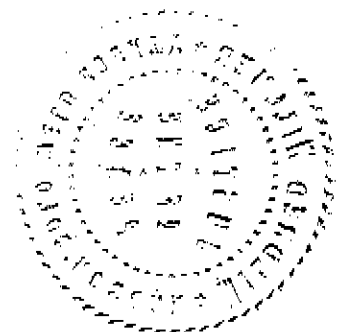

April 10, 67

I came to your office this morning but couldn't see you as you were busy. So I'm writing you about my problem, hoping you will give it some consideration. And let me know if it would be of any good to make an appointment with you.

Last fall I bought a 320 A farm at Wiggins with 3 wells. The seller assured me two were 600 gal wells and one was only 400 but he had a permit to relocate the 400 & was sure he could get a 900 gal well. So this spring I had tests made & the driller (Virgil Segleke) said the tests showed an 800 gal well, 500 feet from the old site so I went ahead & put in 500 ft of pipe line & had the well drilled. A casing put in then he tested it & told me it was only a 600 gal hole.

0-6 - top soil
6-41 fine sand & clay
41-53 sand
53-96 gravel
96-104 clay
104-135 gravel
135-147 strips sand & gravel

-3-

So it will cost me 4000⁰⁰ for 200 gallons
there are no well within $\frac{1}{3}$ of a mile (so
would it be possible to pump both these
wells.) please let me know.
The renter has planted 65 A beats & 39 Acres
grain under this well & we know we cannot
~~keep~~ keep it going on 600 gal.

Dear Mr. Lefever:

We apologize for not answering your letter of April 10 at an earlier date, but extreme business and lack of help has delayed many things in the office.

It is suggested that, in accordance with your letter, we talk this matter over at the office. We suggest that you come in, if possible, and talk with Mr. Harlan Erker who will be advised of your coming. We do not think a previous appointment would be necessary.

Very truly yours,

Geo. W. Colburn

Subject: Request for Statement of Beneficial Use (SBU) for Permit No. 5114-F

Dear Well Owner:

THIS LETTER CONCERNS YOUR WATER RIGHT! Failure to respond could result in loss of use of your well.

This office is currently reviewing permit files in preparation for the issuance of final permits in the KIOWA-BIJOU Designated Ground Water Basin in Colorado. Our records show that there is no acceptable Evidence of Beneficial Use in the file for your IRRIGATION well, Permit No. 5114-F, located in the SE 1/4 of the SE 1/4 of Section 13, Township 2 North, Range 60 West of the 6th P.M.

The Evidence of Beneficial Use requirement can be fulfilled by completing the enclosed blank Statement of Beneficial Use form. If you were not the owner at the time of first use, but now own this property, we recommend you obtain the information and submit the Statement as accurately as you can. You may contact the original owner and have them complete the form if possible, or conduct an independent investigation. Insert the permit number of the top line of the form, then follow the instructions on the back and note these suggestions.

Please print your name, mailing address and phone number.

WELL LOCATION: Complete each space. Blanks show where data is unknown. The distances from section lines on file for this well are 53 feet from the South section line and 469 feet from the East section line in the SE 1/4 of the SE 1/4 of Section 13, Township 2 North, Range 60 West of the 6th P.M.

USE OF WELL: Complete the section for the actual use(s) of the well. The permitted use(s) of the well on file is(are) IRRIGATION.

FIRST USE DATE: The date on which the water from this well was first used should be filled in completely and as accurately as possible. Our records show that the last step in completing this well was taken on April 8, 1964 when the pump was installed.

PUMPING RATE: The well was permitted for a pumping rate of . According to the records on file, the maximum sustained pumping rate of this well was 1000 gpm. Unless historic additional information regarding the sustained rate is provided, please claim the lesser of these two pumping rates.

ANNUAL APPROPRIATION: Enter the claimed annual appropriation for the use(s) described above. The well record shows an unknown number of acre feet diverted annually. Since this amount of water was unknown, then claim the actual amount put to use. The maximum you

may claim can be calculated by multiplying the number of acres by no more than 2 1/2 times.

LAND IRRIGATED: Enter the number of acres irrigated on the date claimed. This is followed by a legal description of the land actually irrigated at that time. Our records show the original permit was approved for the irrigation of 320 acres described as E 1/2 Sec. 13 T2N R60W.

COMMINGLED WELLS: If this well was originally commingled with one or more wells, that is, if water was conveyed from one or more well(s) in a common ditch or pipeline, please report this information in item 4 and provide the following on a separate piece of paper:

- 1) Permit number of each well involved
- 2) Provide the number of acres irrigated by the commingled system
- 3) Provide the legal description of acres irrigated by the commingled system
- 4) The date these wells were first commingled.

DRILLER AND PUMP INSTALLER: The information on the well driller and pump installer is not required. Insert the letters "NA" to designate that this is not applicable.

METERING: According to your permit, a meter is not required.

SIGNATURE: Print and sign your name.

The information requested on the Statement of Beneficial Use will help clarify the water right associated with this well. Please complete and submit the enclosed form(s) and any additional documents within thirty (30) days of receipt of this letter.

Sincerely,

Richard Bell

Subject: Request for Statement of Beneficial Use (SBU) for Permit No. 5114-F

Dear Well Owner:

THIS LETTER CONCERNS YOUR WATER RIGHT! Failure to respond could result in loss of use of your well.

This office is currently reviewing permit files in preparation for the issuance of final permits in the KIOWA-BIJOU Designated Ground Water Basin in Colorado. Our records show that there is no acceptable Evidence of Beneficial Use in the file for your IRRIGATION well, Permit No. 5114-F, located in the SE 1/4 of the SE 1/4 of Section 13, Township 2 North, Range 60 West of the 6th P.M.

The Evidence of Beneficial Use requirement can be fulfilled by completing the enclosed blank Statement of Beneficial Use form. If you were not the owner at the time of first use, but now own this property, we recommend you obtain the information and submit the Statement as accurately as you can. You may contact the original owner and have them complete the form if possible, or conduct an independent investigation. Insert the permit number of the top line of the form, then follow the instructions on the back and note these suggestions.

Please print your name, mailing address and phone number.

WELL LOCATION: Complete each space. Blanks show where data is unknown. The distances from section lines on file for this well are 53 feet from the South section line and 469 feet from the East section line in the SE 1/4 of the SE 1/4 of Section 13, Township 2 North, Range 60 West of the 6th P.M.

USE OF WELL: Complete the section for the actual use(s) of the well. The permitted use(s) of the well on file is(are) IRRIGATION.

FIRST USE DATE: The date on which the water from this well was first used should be filled in completely and as accurately as possible. Our records show that the last step in completing this well was taken on April 8, 1964 when the pump was installed.

PUMPING RATE: The well was permitted for a pumping rate of . According to the records on file, the maximum sustained pumping rate of this well was 1000 gpm. Unless historic additional information regarding the sustained rate is provided, please claim the lesser of these two pumping rates.

ANNUAL APPROPRIATION: Enter the claimed annual appropriation for the use(s) described above. The well record shows an unknown number of acre feet diverted annually. Since this amount of water was unknown, then claim the actual amount put to use. The maximum you

may claim can be calculated by multiplying the number of acres by no more than 2 1/2 times.

LAND IRRIGATED: Enter the number of acres irrigated on the date claimed. This is followed by a legal description of the land actually irrigated at that time. Our records show the original permit was approved for the irrigation of 320 acres described as E 1/2 Sec. 13 T2N R60W.

COMMINGLED WELLS: If this well was originally commingled with one or more wells, that is, if water was conveyed from one or more well(s) in a common ditch or pipeline, please report this information in item 4 and provide the following on a separate piece of paper:

- 1) Permit number of each well involved
- 2) Provide the number of acres irrigated by the commingled system
- 3) Provide the legal description of acres irrigated by the commingled system
- 4) The date these wells were first commingled.

DRILLER AND PUMP INSTALLER: The information on the well driller and pump installer is not required. Insert the letters "NA" to designate that this is not applicable.

METERING: According to your permit, a meter is not required.

SIGNATURE: Print and sign your name.

The information requested on the Statement of Beneficial Use will help clarify the water right associated with this well. Please complete and submit the enclosed form(s) and any additional documents within thirty (30) days of receipt of this letter.

Sincerely,

Richard Bell
